

## RNASE

### HAZARDS IDENTIFICATION

-Potential Health Effects:

Eye: Low hazard for normal industrial handling.

Skin: Low hazard for usual industrial handling.

Ingestion: Low hazard for usual industrial handling.

Inhalation: Low hazard for usual industrial handling.

\*Prolonged exposure might cause allergic reactions in some individuals\*

### ACCIDENTAL RELEASE AND FIRST AID MEASURES

-First aid measures:

Eyes: Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. If

Irritation develops, get medical aid.

Skin: Flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get

Medical aid if irritation develops or persists.

Ingestion: Wash mouth out with water. Get medical aid if irritation or symptoms occur.

Inhalation: Remove from exposure and move to fresh air immediately. Get medical aid if cough or other symptoms appear.

-Personal precautions

Exposure to the eyes and skin mainly should be avoided by the use of protective gear

-Methods and materials for containment and cleaning up

Sweep up or absorb material, then place into a suitable clean, dry, closed container for disposal. Avoid contact with eyes, skin, and clothing. Use with adequate ventilation.

### HANDLING AND STORAGE

Handling should be as minimum as possible to avoid breakage. The container should be kept tightly closed
